*When we want to know the meaning of a word, we look it up in the dictionary. We learn the meanings of historical events, scientific discoveries, mathematical theories, and literary works in our classes. Where, though, may we find the meaning of, or the meaning in, our own lives? The answers to these questions lie inside ourselves. First, we must find out who we are. In the context of Courtland High School, we are all Cougars, and to be a Cougar is to be an important part of an effort to be the best in academics, in music, in sports, in character, and in life. As our SCA President, Sungene Ryang, has told us so clearly, to succeed, each of us must think, "If it is to be, it is up to me."*

*The Great American Goof*, by William Sarovan, is the bittersweet story of a young man's search for happiness. With the aid of a mannequin and her mechanisms of choice, portrayed by a diverse ensemble of characters, the young man discovers that the woman who appears to be his enemy actually holds his destiny. When he finally realizes that his true need is love, his life becomes complete.
